**MAKE BIG MOVES FOR ENDLESS OPPORTUNITIES**

**PARTICIPATE IN  
RANKING SYSTEM  
FOR  
PHYSICAL EDUCATION AND SPORTS INSTITUTES  
IN INDIA**

## AIM OF THE CSRI RANKING SYSTEM:

Taking Physical Education and Sport in India to global standards

## NEED FOR THE RANKING SYSTEM:

We at Confederation for Sports and Recreation Industry (CSRI) are starting a first of its kind ranking system for physical education and sports institutions both at national and state level. Though a ranking system has been in place for many years in other streams like Medicine, Engineering and Humanities, there has been no ranking system in place for Sports and Physical Education in India which is quite common in other countries. The final ranking system will be divided across not just at a national and regional level but also for individual categories like Faculty, Placements, Teachers, Vocational Courses etc.

Note: This is for institutes which provides Sports and/or Physical Education courses for career opportunity

## RANKING SYSTEM: OUR MISSION

- (a) Creating an organized market for Sports and Physical Education system when it comes to higher education in India
- (b) Identifying the Best Sports and Physical Education Institute in India across various parameters:
  - i) Quality of Infrastructure
  - ii) Research and Professional Engagements in the Institute
  - iii) Quality of Teaching, Learning and Resources
  - iv) Outreach and Inclusivity
  - v) Overall Perception of the Institute
- (c) Helping students and their families make an informed choice about choosing the right educational institution
- (d) Offering benchmarks to help reach the right target audience. Students can choose a university/institution on the basis of different parameters or dependent of region they wish to go.
- (e) Creating a competitive system amongst universities to improve the status of facilities and courses offered

## **INSTITUTIONS' BENEFIT THROUGH RANKING SYSTEM**

- a) Recognition of Institute at national and international level.
- b) Competition between different universities on different parameters will encourage them to improve different facets of the institute.
- c) Attracting the best students and researchers to the institute and improving the existing research system.
- d) Strategic partnership opportunities at B2B and B2G level.
- e) Division of rankings at a state and zonal level will enable students and parents to choose the best university.

## **STEP TO INTERNATIONAL EXPOSURE:**

- a) Receipt of Application
- b) Analysis and finalization of data and ranking.
- c) Mega Event - SHAPE B-CON (Sports, Health and Physical Education Business Conclave)
  - i) CEO Closed Door Meeting (Only for Chairman, President and Head of the Institutions)
  - ii) International Sports Education. Business Conclave
  - iii) Award Ceremony (Unveiling of Ranking- National, Regional and State)
  - iv) B2B and B2G Meetings
  - v) Placement Camp
  - vi) Research Paper Presentation
- d) Publication of Results and Press Conference

## **PROCEDURE OF PARTICIPATION**

- a) Filling of application form with registration fees
- b) Enclosing required documents (hard and soft copies)
  - i) Application form with registration fees
  - ii) Application fees
  - iii) Self-attested affidavits of true disclosure of facts by Registrar of University/Principal/Secretary of Management Committee
  - iv) Pictures of infrastructure: class, lab, library and other necessary

# WHAT LEADERS THINK ABOUT RANKING

“Knowing the quality, performance and strengths of an academic institution is a right of students and parents”

– **Shri Dharmendra Pradhan, Union Education Minister, Government of India**

“Rankings play an important role in the promotion of quality education. It provides an opportunity to the institutions to introspect the quality research, innovation and other parameters.”

– **Professor DP Singh, Former Chairman, University Grants Commission**

“The introduction of a Ranking System for Physical Education and Sports Institutes is a real gamechanger in this sector which will lead to a higher degree of standardization. With more and more students seeking opportunities to study subjects related to PE and Sports, a ranking system will help in creating greater awareness about the colleges and universities and help them and their family in taking an informed decision.”

– **Sudhir Setia, Executive Director, Sports Assessment and Audit Board**

“In an era where sports education plays a pivotal role in shaping the next generation of athletes and sports professionals, it is crucial to have a clear benchmark for excellence. The ranking system by CSRI and SAAB will serve as a lighthouse for both students and institutions, driving them toward achieving global standards in sports education and performance. Our aim is to foster a culture of continuous improvement, innovation, and accountability in the sector.”

– **Rajpal Singh, Director General, Confederation of Sports and Recreation Industry (CSRI)**
